Attn: Mr. Eric Mazur
Mr. Derek Grabowski

Gentlemen:

I wish to extend my appreciation to your firm for the marvelous work you did for our church building during the summer of 2014. We were experiencing some major masonry failing in our transept walls and we were very fortunate to have you and your crews' expertise on site to make the necessary repairs and restore the beauty to our building.

We were especially pleased that you were able to work within our schedule and timeline so that we did not have to reschedule any committed events on our calendar. Your crew was neat and courteous and very professional. We have received many compliments from our congregation on the beautiful work you did for us.

Thank you so much for your expert craftsmanship.

Sincerely

Michael Kennedy, Properties Elder, Deputy Clerk of Session
